RGS The Grange

Mission & Vision

Our Mission

RGS The Grange strives to enable all children to achieve full potential in all their educational, social, physical and emotional needs, and to create an environment to foster a caring, sharing sense of community involving all members of the school: children, staff, parents and governors.

Our Vision

- Through excitement and challenge, children at RGS The Grange develop a joy of learning in an inspirational environment.
- Children experience a sense of beauty, awe and wonder.
- They are given opportunities to acquire a sense of responsibility within the community, and to nurture a compassionate and respectful attitude towards others.
- Children develop their moral values by gaining attitudes of sensitivity, fairmindedness, and honesty.
- There are opportunities to develop a sense of individuality, to increase their self esteem and to take pride in themselves and their achievements.
- Children learn both independently and co-operatively and acquire the lifelong skills of perseverance, communication and initiative.
- They experience physical and mental well-being through leading a healthy lifestyle.

THIS POLICY APPLIES TO ALL PUPILS, INCLUDING THOSE IN EYFS.
