# TEACHER SURVEY

*May 2022*

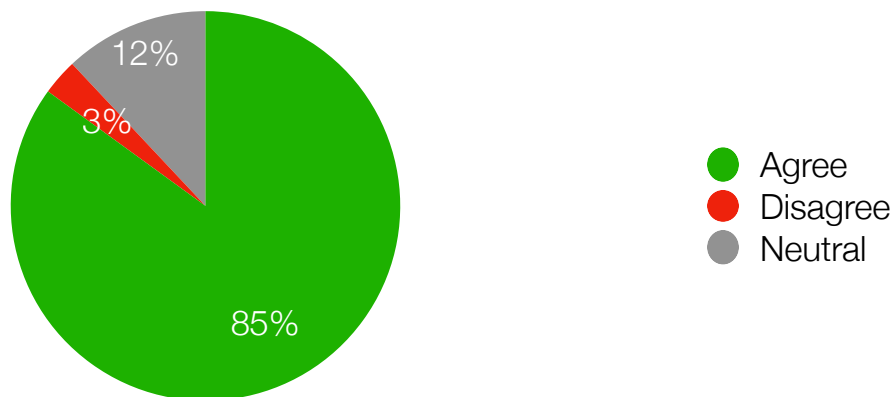

## RGS Worcester Family of Schools - Teacher Survey, May '22

"The Digital Learning Programme is embedded within my teaching"

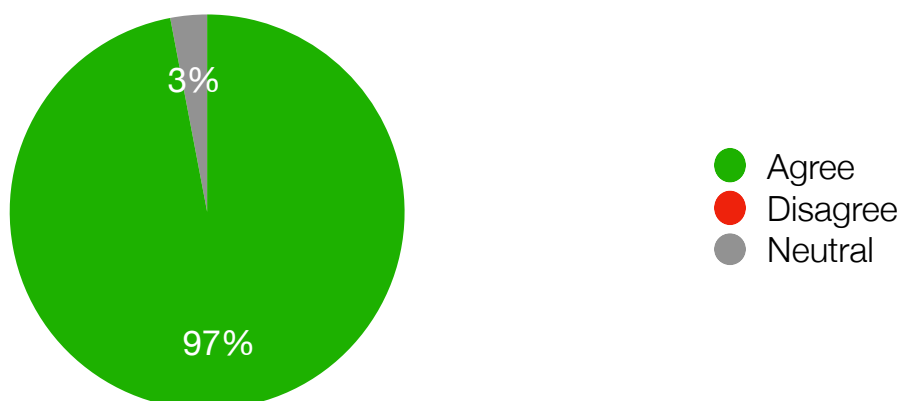

---

"The Digital Learning Programme has had a positive effect on my teaching"

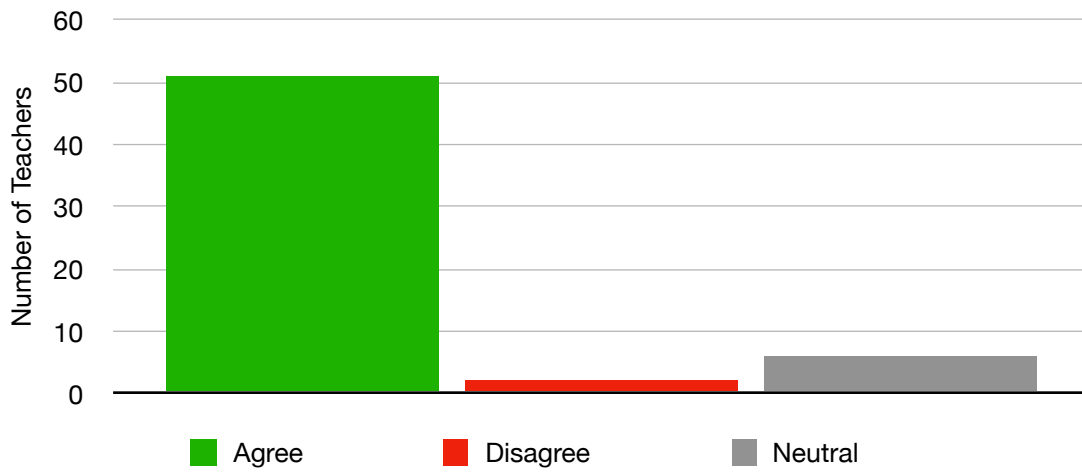

---

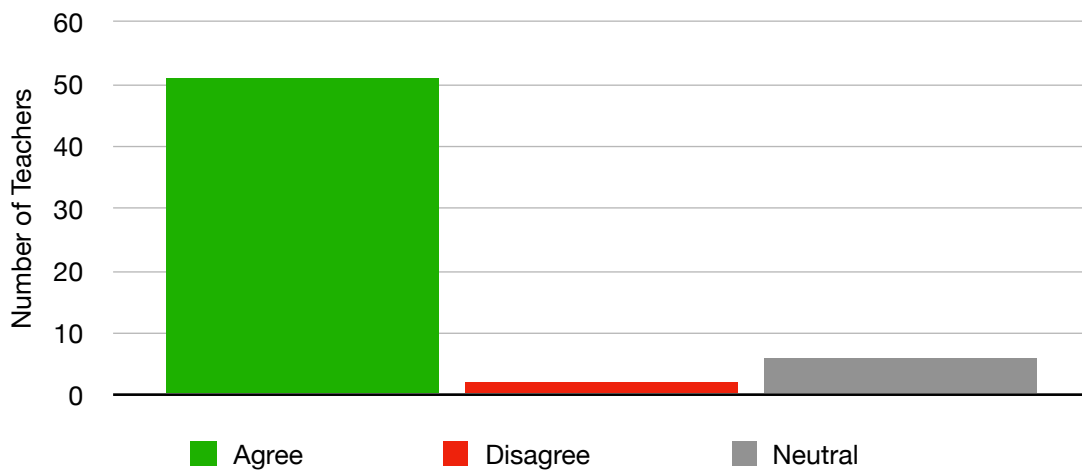

"I feel supported with professional development for the digital tools I use at school"

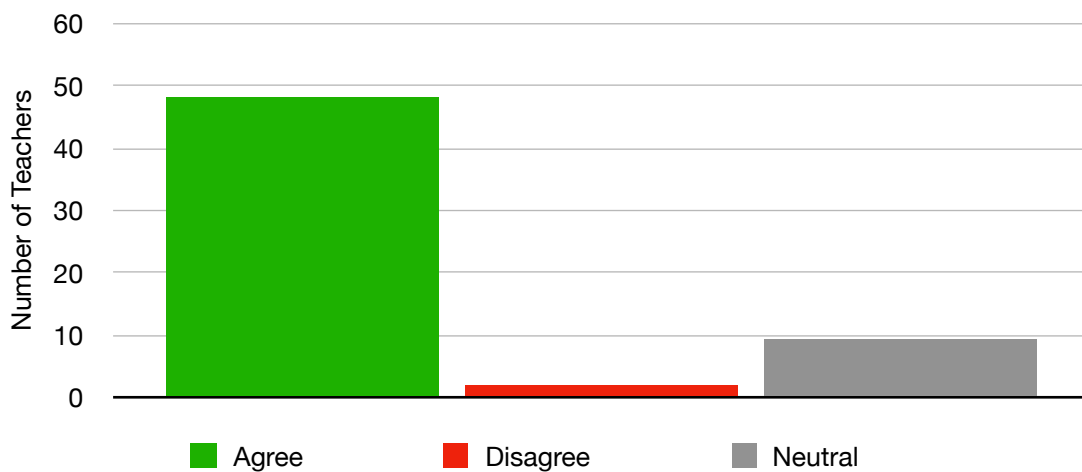

“iPad offers opportunity for pupil creativity”

“iPad helps to widen accessibility”

“iPad helps to personalise learning”

*“The Digital Learning Programme makes it easy to share resources with the students and set them work.”*

*“The iPad provides students with the opportunity to work digitally, and in the direction the working world is moving in.”*

*“The iPad helps each child to be both creative and individual with the presentation of their work.”*

*“The convenience of being able to manage incoming work and marking on Showbie rather than collecting in whole sets of books is remarkable.”*

*“The Digital Learning Programme is a whole-school approach to meaningfully using available technologies that can remove potential barriers and enable a focus on higher quality teaching and learning.”*
